CAPE COD CANAL BRIDGES

The Cape Cod Canal bridge on our cover is the Bourne Bridge built in 1935 together with the sister Sagamore Bridge and the Railroad Bridge for train crossing. We are, of course, long familiar with all of these bridges which replaced the original draw bridges which were the scene of some historic traffic jams at a time when traffic was a fraction of the present flow. Some will recall the narrow waterway that was begun June 22, 1909 after a long debate on

whether or not to have a lock canal as in Panama. The current in the Cape Cod Canal shifts every 6 hours and is formidable because of the different levels at each end. It is interesting to note that Myles Standish envisioned a canal on this spot in 1623 only 3 years after landing at Plymouth. In 1909 a 100 foot wide by 20 foot deep ditch was begun to connect Cape Cod Bay to Buzzards Bay and that bore the sea traffic until 1935, when the canal was widened and deepened to a 32 foot depth. One bonus from this construction is a 17.4 mile maintenance road on both sides which is open to walkers and bikers to furnish one of the finest recreation paths anywhere. Traffic continues on the canal 24 hours a day, so there is always something new to see such as the barge under tow of the tug on our page 2. People of all ages can be seen walking and biking on these paved roads and it will be rare if you do not meet someone you know at any point you choose to walk.

School Committee member Vincent Worden asked that a formal decision be held until next week when Selectman Daniel O. Mahoney will be present to vote. Selectmen Chairman John N. DeCosta and Selectman Bernard F. Talty were present last Tuesday and they both voted for 90 pupil slots and Mr. Worden voted for 80 slots.

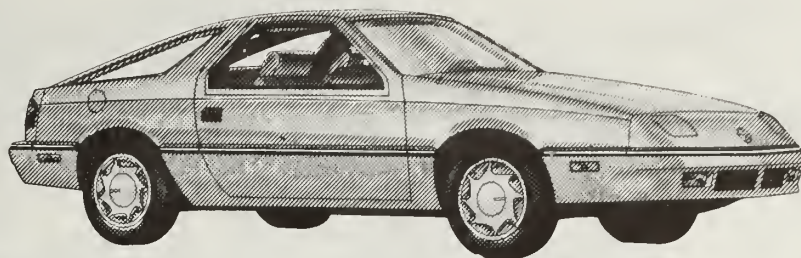

School Committee members Blanche B. Perry and Robert Field voted 90 and 80 respectively, thus making the vote three for 90 slots and two for 80 slots.

As explained by Mrs. Perry, the Lakeville school system, that is presently sending tuition students to Old Colony, would like to join the district and has asked for 60 pupil slots. Even though Lakeville is part of the Lakeville/Freetown School District, Freetown has shown no desire to join Old Colony District for vocational education, said Mrs. Perry.

Mattapoisett has 140 slots which has been in effect since the school was opened in 1975. Since 1975 Mattapoisett has never used more than 74 seats (1979) and has used as few as 29 in the first year and 32 in 1986. At the present time Lakeville is sending 38 tuition students.

The three member committee feels Mattapoisett can safely give up seats as the town

is Acushnet with 250 seats. Mrs. Perry said town officials in Acushnet will also be asked to release some seats to allow Lakeville's admission into the district and for increases to Rochester and Carver.

Mrs. Perry explained the school was built for 535 students and can only operate successfully with a full student body. Freetown is sending 65 tuition students and Wareham two tuition students. These slots are open only because Mattapoisett does not fully utilize its allotted seats.

Mr. Worden defended his vote to relinquish 60 seats and keep 80 seats based on the experience factor. Student enrollment is going down and Mattapoisett has never used its potential 140 seats. Also, the fact that over the years additional money in the budget from Lakeville is divided to the benefit of the other member towns. Mr. Field agreed with Mr. Worden, saying 80 seats is a sufficient number as a buffer over the most used, 74 seats. Mrs. Perry said, "we may never use the additional 10 seats (from 80 to 90) but I don't want to lose too much - we may never gain it back."

It was pointed out by Mrs. Perry and Mr. Worden that Lakeville wants a guaranteed number of 60 seats and with present

member towns Carver and Rochester having the first choice on seats, town meeting votes of all member towns to make an agreement change to admit Lakeville into the district would be needed. They added that at this point they don't know how many seats Acushnet will decide to release. "We don't feel Carver and Rochester will vote for an agreement change at their town meetings if they can't get additional seats first before taking in a new town to the district."

Selectman Talty commented that he, Blanche B. Perry and Evelyn Pursley of Mattapoisett helped write the original agreement for the Old Colony Regional Vocational-Technical High School District. "We only pay for what we use in student seats," Mr. Talty said. "At that time in 1975 we placed a projection growth figure for 1990 at 20,000. We now can afford to give up some seats, but not 60. If possible, I would prefer to keep 100 seats", Mr. Talty said.

hold for more definitive plans to locate the tank in a position to satisfy Thomas Brownell of Brownell Boat Works and the Com Electric Company.

Mr. McIntire said Arthur Thompson, engineer and architect, has made new plans which were on display. The new site is approximately 120 to 140 feet east of Brownell's office and will have trees screening the view of the tank from Brownell's office. Although Mr. Brownell was not present at the meeting he had informed Mr. McIntire he was satisfied with the new location plan.

The power company has approved the site and is satisfied with the height and wire clearance over the road where trucks carrying propane gas will travel. The power company required a minimum of 21 feet from the top of the truck to the wires and the new plan allows for a 28 foot clearance, said Mr. McIntire.

Fire Chief Donald C. Wood expressed his satisfaction with the site plan, providing safety laws are followed.

NOTED THE TOWN has applied for state aid highway funds for fiscal 1989 in the amount of \$44,865 and for fiscal 1991, \$49,281. Chairman DeCosta said "We don't know if the state will fund these requests,

GAVE PERMISSION to Building Inspector Andrew J. Bobola to apply for an application to the Federal Emergency Management Agency (FEMA) for the town to participate in a new program under the National Flood Insurance Program-Community Rating System.

The inspector informed selectmen that under the Community Rating System the town will be entitled to insurance premium credits. Mr. Bobola wrote, "Based upon past town visits from FEMA representatives, and letters of approval and recommendation, as well as what we have done as a town to ensure proper construction methods to minimize damage to surrounding properties, I feel the town could prosper from the rating, as well as save on its yearly premiums. Over the past two years, we have been well ahead of the system in creating and adopting strict guidelines and protective measures for construction within the Flood Zones."

WERE INFORMED by Attorney Arthur Caron, the town's special counsel on police contract negotiations, that he will attend the first police negotiation meeting at 4 p.m. on Oct. 23rd; he will then report to selectmen at its regular meeting on October 23rd on the negotiating session.

GRANTED a quit claim deed to David LeBlanc for \$5,600 for 46,000 square feet of town-owned land abutting Mr. LeBlanc's property on Brandt Island Road.

An article passed at town meeting gave the town permission to sell this land to Mr. LeBlanc. The odd shaped strip of land will not affect the value of the remaining town-owned land and will be sufficient for Mr. LeBlanc to build a tennis court.

NOTED the joint Rochester/Mattapoissett perambulation of the bounds has been re-scheduled for 9 a.m. November 17th starting at Rochester Town Hall.

Planning Meeting Halted

A difficult decision had to be reached by the Board of Selectmen last Tuesday when a 7 p.m. advertised meeting of the Planning Board held in the Town Hall Conference Room had to be stopped because of illegal overcrowding. The meeting was rescheduled for 7 p.m. Tuesday, October 30th, at Old Hammondtown School.

As the town's ruling body, selectmen could not ignore the warnings of Building Inspector Andrew J. Bobola and others that the room that legally allows 65 persons had over 200 as of 7:30 p.m. and they were still coming in. "It is illegal and unsafe for those stand-

Planning Board Chairman William Matthews said the informational meeting was called to hear people's comments about the proposed changes in the zoning by-law concerning seasonal dwelling change of use, and other proposals. "It was not considered a good meeting; there was no significant

dialogue before the meeting was stopped because of illegal overcrowding", said Mr. Matthews. "If we had said the meeting was over we would have been howled out of the place. It was the board of selectmen's decision and they said it was a matter of safety."

Mr. Matthews said "I understand where the summer homeowners are coming from. But it is our job to address the issue from the town's side. This is the responsibility of the Planning Board. Buzzards Bay is being polluted and some action has to be taken. There are ways to achieve these objectives, but we need dialogue. They (summer homeowners) know something had to be done. We realize the out-of-town homeowners cannot vote, and this is their way of being heard."

Mr. Matthews continued his comments which were made following the meeting, as this reporter was not in attendance, saying "All we in the Planning Board can do is recognize the problems. The septic systems are being taxed on undersized lots. Wells and septic systems together on a small lot create problems. In the summer the system will handle the use; however, if these summer homes are used for a longer period of time the system can't revitalize for the next summer."

Mr. Matthews commented it was unfortun-

ate that so many people showed; "we didn't expect so many. There really should have been representatives from various sections of the waterfront areas of town to listen and comment and return to their neighbors to report. It also was unfortunate there were too many people to control and for them to hear properly."

Mr. Matthews added, "Many of those present didn't understand the proposal. They had one approach. Basically, the summer people realize they don't have the opportunity to vote. The part of the proposal giving the most problem was: a seasonal dwelling unit is defined as an existing single or two family unit located within the W30 and MR Districts (waterfront and marine districts) which, at the time of the adoption of this Subsection I, is customarily occupied on a continuous basis for less than 180 days of a calendar year and which is on a non-conforming lot. A special permit would have to be obtained to remain in a seasonal non-conforming house for more than 180 days.

Selectmen John DeCosta and Bernard F. Talty said they felt sorry for those people living out of town, some of whom drove down from the Boston area specifically to attend this meeting. "They deserve to be heard but we have no alternative but to

Planning board member Lawrence O'Pezio
met with Selectmen and informed them,
"There are 180 people upstairs (at 7:15
p.m.), 80 percent of whom are from out
of town. This would still make it over the
legal limit if only the out-of-towners re-

We need you (Selectmen) to officially say the

Mail Order Drugs

Many consumers are being asked to make a decision that can have serious consequences to their health. They are being asked, often coerced, by their employer or insurance plan to purchase their prescription drugs through the mail.

It's a decision that could cost you your health - even your life.

Today's prescription drugs are powerful medicines—carefully chosen by your physician and carefully dispensed by your pharmacist. Personal contact with your pharmacist ensures that the potent medicines you are taking do what your doctor intends.

Your neighborhood pharmacist is available to make sure you understand how your drugs should be used. He or she checks the doctor's prescription for accuracy, dosage, and method of administration, and alerts you to any potential side effects or interactions.

**VIDEO

Call 758-6904**

Most patients go to more than one physician and are prescribed medications by different doctors. Only your neighborhood pharmacist, who keeps a profile of all the medications you are taking, is in a position to determine if one drug you are taking will interact dangerously with another prescribed by another doctor. Your pharmacist is also often aware of the over-the-counter medicines you take and special dietary restrictions that can cause adverse reactions to your prescription medication. Your pharmacist also generally offers home delivery and is available to assist you in emergencies—24 hours a day.

With mail order, you sacrifice all these services, and you risk your health. You trade the personal services of a drug expert, with five or more years of pharmaceutical training, for an 800 number operated by customer service representatives.

When you buy drugs through the mail, you're just a number, along with countless others processed and shipped from hundreds of miles away. The potential for error in these assembly line mail order operations is enormous. The United States Congress was concerned enough to hold hearings on the matter. A consumer from Virginia Beach, Virginia testified at those hearings that she was the victim of a potentially deadly mail order drug mix-up. Her local pharmacist confirmed the mistake after she noticed that her pills looked different.

A 70-year old Idaho woman wasn't so lucky. She died, reportedly after taking for several months the wrong prescription drugs sent to her through the mail. Involuntary manslaughter charges have been filed against the mail order firm that sent her the medication.

Even the cost savings mail order firms claim to achieve are illusory. A recent yearlong national study showed mail order drug programs to be five percent more expensive than neighborhood pharmacy services—and least cost effective among those for whom savings are most important, the elderly.

Your health is much too important to be placed at such risk. Your independent pharmacist offers you the personal, face-to-face service you have a right to expect when it comes to your pharmaceutical care. How can mail order drug vendors possibly provide quality health care to patients they never even see?

May Be Hazardous

Think about it for a minute, and you'll agree: Mail order drugs are no bargain.

INTO FAMILY EYE CARE

How important is preventative frame maintenance to eyeglass wearers?

We believe it is very important. We encourage our patients to return on a regular basis, roughly every 6 to 8 weeks so that we can realign their frame, check for any loose hinge screws and perform whatever maintenance needs to be performed on that frame in order to keep it in the same condition that they originally purchased it in. One of the worst things that could ever happen is to go on a vacation and have something happen like the hinge screw fall out or the temple gets lost. The person then would not be able to wear glasses - it could spoil the entire vacation.

TO OPEN AT SIPPICAN SCHOOL

It is "FLYING HIGH" time again -- The Sippican School's Children's Book Fair will open Tuesday, November 6th, at 9:00 a.m. for all children, their parents and the public. The Fair will be open all day Tuesday and Wednesday at 9 a.m. and stay open until 7 p.m. The late hour provides time for working parents to come with their children. However, parents are welcome to accompany children at their scheduled classroom visit. Thursday, it will be open from 9 a.m. to noon for after-thoughts and stragglers. Monday, November 5th, the Fair will open only for kindergarteners, their teachers and parents. Little people need a small headstart and time to choose without pressure.

During its short time span, "FLYING HIGH" will have the largest selection of children's books in southeastern Massachusetts. All available books may be purchased and taken away. There is no waiting for an order to arrive. Most of the titles are in paperback but the special "Parents and Grand-parents" table will have an outstanding

Mattapoisett Recycling Committee

The recycling committee met on Monday, October 15th, to continue gathering information on the future recycling in Mattapoisett. Robert Finn of Samuel Mirsky and Company from New Bedford gave us information about how Mirsky selects recyclable material for towns such as Marion, Sandwich and Barnstable. The company collects glass, plastics and newspapers, available to pick up at a town central recycling location like Mattapoisett landfill area. They have temporarily stopped taking newspapers due to a glut in the market. However, Mattapoisett had a successful newspaper drive on October 13-14. Clean, Inc. will continue to recycle newspaper through this company.

The committee plans to hear from other recycling companies that are now recycling for other towns.

The next recycling committee meeting will

Thanks to all you environmentally-minded Mattapoissett people who brought your tied bundles of newspapers to the van at our A&P parking lot this weekend. Not only did we save our landfill from being filled up even more, but by recycling we're also saving trees. These newspapers are already in a New Jersey recycling plant. The first step there is to "di-ink" them - then on their way to be made ink usable paper once again.

Thank You

MATTAPOISETT RESIDENTS

CLEAN, INC. would like to say thank you for your enthusiastic response to the newspaper recycling weekend, October 13th and 14th. We collected over 5 tons in Mattapoisett alone. We can see you are interested in recycling so we will hold a monthly newspaper drive as long as we have your continued response and the gracious permission of Tim Tedeschi for use of the A&P parking lot; and also the use of the tractor trailer donated by A.F.C. (American Flexible Conduit) of New Bedford and our CLEAN INC. volunteers.

Thanks again. Donna J. Ziobor and
Polly Savaria.

ORR Gridiron Club

On October 27th, beginning at 1:00 p.m. the ORR Bulldogs will be playing their "Homecoming Game" against New Bedford Vocational School. This day has also been designated as "Parents Appreciation Day". The ORR Gridiron Club will be hosting refreshments in the high school cafeteria from 11:00 a.m. to 12:30 p.m. for all parents of freshmen, junior varsity and varsity football players. At this time team members'

mothers will be presented with a corsage to wear on this special day. Commencing

At its weekly meeting the Gridiron Club
voted to buy and award a trophy to the
best offensive and defensive player of the
week for each game. The coaching staff
decides who best qualifies for this award
and the Gridiron Club will present it to the
winning player at their weekly meeting.
Player of the week for the October 6 ORR
vs Wareham game goes to Darren Garcia,
offense, and Joe Risgin, defense.

Steve Watts has been diligently taking
photos for the Senior's plaque to be ready
in time for the annual banquet. Plans are
being finalized now for this event. Other
members have been busy stocking up on
supplies for the concession stand.

ORR Gridiron Club meets every Wednes-

Seniors' Craft Program

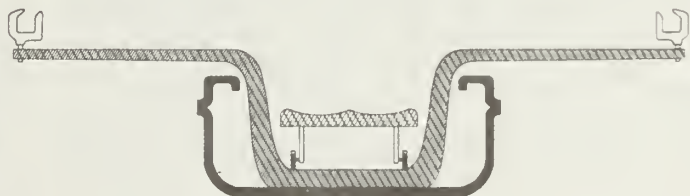

Story and photos by Virginia Morgan

"People helping people" - that's what it's all about was the way Friends of the Elderly instructor Nancy Fleming put it in describing the senior crafts program held at Village Court. "And they are so proud of what they are making. They are making wreaths, candle holders and door decorations made of pine cones and natural materials for Christ-

The Mattapoisett Friends of the Elderly have supplied the material for the seniors - some living at Village Court and others being transported by volunteer drivers. "It's all a nice community spirit", Mrs. Fleming commented.

About 25 people have been coming on Wednesdays. This was the fourth session and will continue as long as their participation is active. "We have one lady who doesn't want to go home when others have packed up and left", related Nancy.

Mrs. Carolinda Silveira has been giving help to everyone but is giving special attention to Aldea Truelove who is sight-impaired. "We've had so much fun working

Museum Seeks Copier

The Mattapoisett Historical Society is in the market for a good used desktop copier for use at the Museum and Carriage House.

There are numerous documents which should be copied and the originals placed in protective conservation files. We frequently receive requests for historical and genealogical information and a copier would better allow us to meet these requests. Plus, the general business operation of the Historical Society would benefit from a copier at the Museum.

Friends Remodeling Plans

Members and friends of the historic Quaker Meeting House in East Mattapoisett have begun plans to remodel the adjacent Carriage House. The interior and exterior of the 1827 meeting house was restored several years ago.

Earlier this year, the outside was repainted a warm and inviting cream color with dark green blinds, eliciting favorable comment from neighbors and residents of the towns the meeting house serves.

Now, plans are under way for major work on the Carriage House, including replacement of floor beams, updating of kitchen and Sunday School facilities and the installation of modern rest rooms.

The meeting, with an active membership of fewer than 15, is taking on the project with faith that necessary funding can be raised through its members, special projects and with the help of others associated with the Religious Society of Friends. Donations from residents of the community-at-large are welcome.

Those wishing to help may do so in any one of the following ways:

-- Money donations may be made to Mattapoisett Friends Meeting, P.O. Box 795, Mattapoisett, MA. 02739. Checks should

eye talk

Q. Can Halloween masks be a safety hazard?

A. Yes, they can. When eye holes are too small or the mask slips out of place, your child's view can be blocked.

Optometrists recommend using non-allergenic makeup instead of masks. Then your children will have a clear view of oncoming cars, steps, curbs and obstacles in their path. Parents should double as makeup artists to keep makeup and applicators out of the child's eyes.

Another Halloween safety trick is to decorate costumes with retro-reflective material on front, sides and back. Optometric studies show it is the only material safely visible to drivers at normal and even high speeds.

Also caution your children to walk on sidewalks or in yards; to look carefully before crossing a street; and to carry a battery-operated light to see and to be seen.

"Operation Cablegram"

Continental Cablevision in Marion is inviting local military families to come to its cable TV studio, where a Continental production crew will videotape their personal messages to loved ones serving in the Persian Gulf, as part of the company's "Operation Cablegram" initiative throughout New England.

Continental will then work closely with Armed Forces Radio and Television in Washington, D.C., and other military authorities to see that the family "cablegrams" are delivered as quickly as possible to servicemen and women in Saudi Arabia and other posts supporting the United States' "Operation Desert Shield" mission in the Persian Gulf.

"We will produce a two or three-minute video message free of charge for any military family living in a community served by Continental that makes an appointment to come to our Marion studio through November 9, 1990", said Deborah Stinson, Continental's Program Director.

"Letters from family members have always been a lifeline for American soldiers, sailors and Air Force personnel serving far from home. Now, taking advantage of Continental's cable TV resources, they'll have far more than words of love and family news from home", Ms. Stinson said. "They also will be able to see the expression on their loved ones' faces, hear the emotion in their voices."

Continental's "Operation Cablegram" is also made possible by communications technology advances in the U.S. Armed Forces.

Just as soldiers are now using laptop computers in the field, ships in the Persian Gulf fleet have their own closed circuit television networks; VCRs and monitors are available at many ground command posts, and the military is establishing a low-power television "station" to transmit pictures and voices from one location to another in the Persian Gulf.

Continental and military authorities are still working out details on the best ways to get New England families' video messages to their relatives, but Armed Forces Radio and Television has agreed to edit and com-

is one aspect of this aim.

Dancin' Dynamics has come to the YWCA.
The new program, a unique combination
of dance and fitness, will be taught by Elisa

want to see this. It combines dance and stretches and a little bit of floor work but it's much more complicated than aerobics to music."

The classes will be held at the YWCA, 66 Spring Street, beginning November 1. Meeting twice weekly, The Tuesday-Thursday program is scheduled from 7 to 8 p.m. A fee of \$50.00 covers both the seven-week course and YWCA membership.

Elisa, who is a gerontology clinical nurse specialist at St. Luke's Hospital, continues, "It's really for anybody who likes to dance. If people like moving to music, they'll like this class. The goal is to have fun and dance and it's nice for stress reduction."

Though she describes Dancin' Dynamite as "a little bit more complicated and a little bit harder than aerobics", she indicated that it is low impact and self-paced.

Tokyo String Quartet

GREATER N.B. CONCERT SERIES

The 60th season of the Greater New Bedford Concert Series (GNBCS) opens with the highly-acclaimed TOKYO STRING QUARTET on Friday, October 26th, at 8:00 p.m. President of the GNBCS Board Mrs. Lily Dumont Mindus said, "The Tokyo String Quartet is one of the most prominent string quartets in the world today. Each member is a master in his own field". The quartet will perform the following pieces at the Zeiterion: Mozart's "Quartet in C Major, K. 465", Verdi's "Quartet in E Minor", and Brahms' "Quartet in A Minor, Op. 51, No 2".

Their performance is the first of four

in the Greater New Bedford Concert Series sponsored by Delken Professional Dry Cleaning. Delken has been sponsor of the concert series for the past three years. This year's series also includes the legendary violinist, Isaac Stern, on March 1, and Alexei Sultanov, the classical pianist who won the 1989 Van Cliburn International Piano Competition, on May 10th. The series is also offering a special selection - the Donizetti opera, "Lucia di Lammermoor", performed in English by the Western Opera Theatre on November 11th.

Hailed as one of the finest quartets in chamber music history, the Tokyo String Quartet has received extraordinary acclaim from its very beginning in 1969. They have been called "masters" (The New York Times) "sensational...to hear them is to hear the heavens part" (Newsday) and "one of the wonders in chamber music firmament" (San Francisco Chronicle).

This year's series marks the 60th anniversary of the Greater New Bedford Concert Series in the City of New Bedford, once known as the Civic Music Association. Over the years the series, administered by the GNBCS Board, has brought to New Bedford some of the finest classical musicians from around the world.

Tickets for the Tokyo String Quartet are \$12.00, \$16.00 and \$20.00; senior/stu-

partment in the world.

Joan Lippincott has been a featured recitalist at the first Spoleto USA Festival and at Regional and National Conventions of the American Guild of Organists. Even in the beginning of her recital career, Ms. Lippincott was acclaimed for her "out-standing flair for the contemporary". She has premiered many significant contemporary organ works.

As well as being a recitalist and Head of the Organ Department at Westminster Choir College, Ms. Lippincott is a musician who has devoted her talents to music in the church, having served many churches in the New York - Philadelphia area since the age of thirteen.

Tickets for the concert are now available at \$8.00 per person and may be obtained through the church office, 102 Green Street, Fairhaven, MA. 02719. To reserve tickets, send a check to the church address atten: Creative Arts Council. Checks are payable to The Unitarian Society of Fairhaven. Tickets will also be available at the door as space allows.

Tobey Guild Anniversary

The 49th Anniversary Celebration of the Tobey Guild will be held on Thursday, October 25th, at 1:30 p.m. at the Church of the Good Shepherd.

MASONRY CONTRACTOR

Beverly Connor joined officers from student councils throughout the state to share in the theme "Together As One in 91". The purpose of the workshop is twofold. First, it helps to train and prepare council officers for the year ahead and assist them with the duties and responsibilities of their office. Second, it provides a motivational "booster shot" to help councils get the year off to a much better start.

Mike Smith was the featured speaker and offered both inspiration and motivation through his presentation. Upon completion of Mr. Smith's presentation, the students broke up into groups to take part in workshops for the office they held.

Casimiro Santos, the Student Council Advisor, stated the convention was a good learning experience for the officers who attended and also credited the Old Colony School District for sponsoring participation in this worthwhile event.

CLASSES ELECT OFFICERS

The Senior Class and the Junior Class of Old Colony Regional Vocational-Technical High School recently held elections for class officers.

Elected to serve as class officers for the 1990-1991 school year are: Senior Class, Michelle Hotte, president; Mark Paynter, vice president; Susan Kallio, secretary; Beverly Connor, treasurer; Junior Class,
